To make this Symposium a success, we need juvenile services professionals to share their experiences and expertise.

The National Symposium on Juvenile Services is a unique forum that brings together the leadership and direct care professionals from juvenile services and other human services professionals for training and the opportunity to network and share innovative program service approaches being implemented within the juvenile justice system throughout the country.

Prospective workshop presenters are encouraged to submit proposals on a variety of topics including, but not limited to Current & Emerging Issues for the Juvenile Justice Practitioner, PREA Issues and Updated, Training and Performance Improvement for Staff, Implementing & Evaluating Effective Educational Strategies for Youth, Leadership Issues, Strategies for Understanding and Effectively Addressing DMC, Providing Services for Youth in Adult Facilities, and Community-Based Services.

Workshop proposals will be reviewed with preference given to workshop proposals that are based on relevancy, best practices, audience participation and skill-building.

Conference workshops should be 90 minutes in length allowing time for questions and answers. We encourage you to bring handouts and visual aids. If handouts are sent electronically to the NPJS Office they will be made available to participants electronically. If handouts are to be copied, they are done so at the expense of the presenter. NPJS encourages the use of technology, however, presenters must make requests and arrangements with NPJS prior to the Symposium. Due to costs, on site requests cannot be accommodated.

By submitting a proposal, you are giving NPJS permission to video record your session. NPJS will receive no compensation for future use without first receiving permission from presenter.
